

THE HEAT IS ON. JASSA IS HERE!

Meet the creative minds behind JASSA.

This hot limited edition collection was created by a team of designers. They each put their own stamp on the collection, but the whole thing comes together to generate some light hearted, free-spirited fun.

Don't miss JASSA's artisan ceramics, curvy furnishings and bright bohemian textiles. Don't miss your chance to celebrate summer's spontaneity and warmth, indoors, all year round.

On sale for a limited period only.
